Summary of TRC Email Agenda for 6/24

The following is a summary of email-based discussions for Change Requests (CRs) addressed by the Technical Review Committee (TRC) for the week of 6/24/20. These CRs were discussed by email, with votes being cast 7/1 to 7/6.

Due to the number of CRs to be evaluated, the TRC decided on the 6/8 call to return some CRs to an email agenda. CRs addressed in this summary were CRs moved from a call schedule to this email agenda and are generally considered by the TRC as non-substantive.

To ensure that all CRs are adequately reviewed, the TRC reserves the right to revisit any CR reviewed via email, even if a vote has been cast. The TRC will also examine all Abstain votes to ensure that proper attention has been given to each CR. Additionally, any TRC member can initiate the revisiting of a CR reviewed via email without a consensus vote. In this occurrence, the CR in question will be revisited by the TRC during the normal call schedule and a new vote cast.
